The meeting will end at noon on July 26th.

Members of the public who plan to file written statements and/or make brief (suggested 5-minute limit) oral statements at the public comment session on the morning of July 25th are encouraged to contact the Designated Federal Officer for the Board prior to the meeting.

##### Background

The Good Neighbor Environmental Board was created by the Enterprise for the Americans Initiative Act of 1992. An Executive Order delegates implementing authority to the Administrator of EPA. The Board is responsible for providing advice to the President and the Congress on environmental and infrastructure issues and needs within the States contiguous to Mexico in order to improve the quality of life of persons residing on the United States side of the border. The statute calls for the Board to have representatives from U.S. Government agencies; the governments of the States of Arizona, California, New Mexico and Texas; and private organizations with expertise on environmental and infrastructure problems along the southwest border. The Board meets three times annually, primarily in various border locations. The U.S. Environmental Protection

Agency gives notice of this meeting of the Good Neighbor Environmental Board pursuant to the Federal Advisory Committee Act (Pub. L. 92–463).
